## THE INTERNATIONAL BESTSELLER

The complete history of the world, from the beginning of time to the present day, based on the beliefs and writings of the secret societies.

Jonathan Black examines the end of the world and the coming of the Antichrist - or is he already here? How will he make himself known and what will become of the world when he does? - and the end of Time.

Having studied theology and learnt from initiates of all the great secret societies of the world, Jonathan Black has learned that it is possible to reach an altered state of consciousness in which we can see things about the way the world works that hidden from our everyday commonsensical consciousness. This history shows that by using secret techniques, people such as Leonardo da Vinci, Isaac Newton and George Washington have worked themselves into this altered state - and been able to access supernatural levels of intelligence.

This book will leave you questioning every aspect of your life and spotting hidden messages in the very fabric of society and life itself.

It will open your mind to a new way of living and leave you questioning everything you have been taught - and everything you've taught your children.
